Wizard Football Holder

Easy Hold Football Holder

Designed by former all-pro kicker David Treadwell. Simulates a human finger to ensure the height and distance of ball flight is not affected. Aluminum alloy construction is heavy enough for use during windy conditions. For use on astroturf or grass. Folds for storage. Used by youth or pro kickers. Use with or without a placekick block.
WZ WZ-8 **$50.00 EA** 1.6 lbs

QB-TEE

Timing is Everything

QB-TEE

A new way to play touch football. The quarterback removes the ball from the cradle, which triggers the programmable timer. If the buzzer sounds before the ball is released, the play is considered dead. If the pass is completed, QB-Tee is moved to next line of scrimmage. No one needs to block, which increases safety. Two position cradle for ball placement. Improves quarterback timing and efficiency. Grade school, high school and college football can all utilize it as a practice tool to perfect timing patterns. No need to have a center for practice drills. Ideal for family outings, touch football and 7 man football. Portable and rugged. Lightweight stand moves quickly and easily. China
CS 5 pcs. Box size: 22½" x 20½" x 3½"

Sidewinder

Soccer Style Kickoff Tee

Official NFL-licensed product invented by Jan Stenerud, who kicked more NFL field goals soccer-style than any other. Soccer-style kickers will strike the ball first, instead of the tee. Avoids pain and bruising to the foot, while improving accuracy. Instructional booklet for kicking written by Stenerud included and explains the soccer-style kick, lining up, stutter step, torque step, drive step, impact, follow through, practicing tips, supplementary exercises and more. 2" high.
