### Full90 Select Performance Headguard

Proven to reduce the force of typical head impacts during soccer (such as head to soccer ball, head to head, head to ground, head to knee, and head to goal post) by as much as 50%. Doesn't alter the way it feels to head the ball. Rebound speeds are the same as from an unprotected head. Impact absorbing ForceBloc Foam™ layer wraps around the head to protect the crucial forehead and temple areas. Ventilated, ultra-lightweight 1.5 oz. design weighs less than a baseball cap. DuroStrength fastener, with overlapping side ribs comfortably conform to different cranial shapes. Outer 4-way stretch material simulates forehead texture and action, with uniform fit, and flexibility. Inner Tru-Play SoftWeave whisks away sweat and maximizes comfort. Complies with FIFA law 4 and allowed by US Soccer.

### Full90 Premier Headguard

Features an Advanced Tru-Fit System™ which includes the X-Band design and interchangeable occipital back padding. The X-Band™ design has a lower profile, a lighter weight cross-strap construction, and Coolmax® to help accelerate moisture evaporation. Conforms to the shape of the head, improves "the feel" of the ball as it makes contact with the head, and significantly reduces moisture build-up for a more comfortable and sturdy fit. Ideal for athletes who play full out at the highest levels of the game.
