

PRO CUT

Improves Bat Speed And Power

Original Strap-On Counter Weight Ballistic Bat Weight Training

The first bat weight that lets you practice hitting the ball with the weight in place. Removable weight fits on the handle of your bat, it is ideal for practicing in the on-deck circle. It will change the center of balance of the bat, allowing the "snap" to feel more natural. Works with most bats, use it for dry cuts, tee work and side-toss drills. Includes training booklet. USA

TI PC-08	8 oz. Model	\$45.00 EA	12 pcs 8 lbs
PC-12	12 oz. Model	\$46.00 EA	12 pcs 11 lbs
PC-16	16 oz. Model	\$49.98 EA	12 pcs 14 lbs

Attaches easily to the bat handle. Use one hand to hold the two wires in place, turn the Pro Cut knob until its securely attached.

Swing Sock Bat Weights

Increases bat speed and batting power. Safe soft design. Quick warmup before play or practice. Weight is distributed evenly on the sweet spot for a balanced swing. Fits all baseball and softball bats. Can be used during on-deck circle warm-up. Bat weight fabric slides easily onto the bat and doesn't scratch. China

DIRX™ Warm-Up Bat

Simply screw the weight in towards the handle for a lighter feel and to simulate the balance of a handle-loaded metal bat. Or twist the weight out to increase the momentum and simulate the balance of a barrel weighted bat (more like traditional wood, but considerably heavier). Approved by ASA, USSSA, and for use by NFHS. Use as an off season weight training aid.

Patent #4,819,935 Taiwan
For HS & College Baseball/Softball
