Bat not included.

Swing Sock Bat Protector

For baseball and softball bats. Keeps bats looking like new while bat is not in use. Attaches easily to all sizes of bats. Angled hook 'n loop closure allows you to wrap the bat securely so it will not slip off during long term storage. China SS BP3100 \$5.00 EA

Hook 'n loop fasteners make it easy to adjust.

Isolator Pad

For use with practice polyballs only. Ideal for use with pitching machines. Strap it onto game bat during practice. You will know immediately if you are hitting off the sweetspot, so you can adjust your swing with each pitch. Normally polyballs are too light to feel if you hit it off the end of the bat or jammed yourself off the handle. The sound of the ball when hitting the Isolator Pad on the "sweetspot" of the bat will let you know immediately if proper contact is made.

Microwavable Bat Warmer

Change The Way You Play

Everyone is looking for a hot bat to add to their lineup, make your bat hot with the PyroFlite Microwavable Bat Warmer. This baseball, softball Bat Warmer keeps your bat at the manufacturer's recommended temperature. The PyroFlite Bat Warmer will also maintain your bat's flexibility and explosive power while preventing bat damage, and eliminating bat sting. Makes those new, but stiff composite or aluminum bats feel broke in instantly. Microwaveable hot pack stays warm 4 to 6 hours. Zipper closure and fence clip. Make the call and put a hot bat in your lineup with the PyroFlite Microwavable Bat Warmer. China
