Easy-Pitch
Power, speed and accuracy of a professional pitching machine without the effort or high cost. Pitch a fast ball, change up, sinker curve and slow pitch at up to 70 mph. Scratching the side of a few balls creates dramatic curves: the ball will curve or be pulled in the direction of the surface scratches. For straighter balls, pull the pocket and slightly twist the wrist for a pitch that goes straighter. Defensive drills include fly balls and training catchers to square up on the ball. Includes 20 light and soft EZ Pitch assorted color plastic balls that are low sting if you hit a player.
