

# totes<sup>®</sup> SUPERGRIPS

## Funnel Supergrip

Team dealers have been regripping their customers' bats with totes<sup>®</sup> SuperGrip<sup>™</sup> for decades. Not just because it's a great product, but because they can regrip many bats at one time. Using the Electric Vacuum Machine in their own store, dealers can offer a competitive price to teams, and still enjoy a great profit. totes<sup>®</sup> SuperGrip<sup>™</sup> is a tough rubber sleeve and can be installed over wood or metal bats. Embossed cushions give a better gripping surface and takes the sting out of power hits. It feels like pine tar (but without the mess) so your grip won't slip, and it won't roll or unravel during a game.

2FSG \$3.90 EA \$3.60 EA/36

## totes<sup>®</sup> SuperGrip II<sup>™</sup>

The totes<sup>®</sup> SuperGrip II wrap-around has the same tacky feel as the original SuperGrip, but makes it possible for batters to install it themselves on the spot. By stretching the tough pure rubber, they can adjust it as thin as they like. Thoroughly tested and proven in use by hard-playing baseball and softball players, it is superior to other grips on the market.
