

**TURBOSLOT Hitting Gloves**

Instantly makes the wearer stronger, creating more bat speed and power. Allows the batter to immediately hit the ball harder and farther. TurboSlot automatically positions the bat in the fingers. Power pads act as a wedge that creates leverage and thus allows the batter to create more power for hitting the ball farther.

Patented Power Pad  
Located on both gloves!

Instantly Improve Hitting

Patented Power Pad!

**Turboslot® Hitting Gloves**

Patented Power Pad technology for instant strength, bat speed and power. Positions the bat correctly in the fingers. Keeps bat out of the palm during contact. Pad acts as a fulcrum creating resistance at the bat barrel for batting power. Power Pad reduces bat vibration and absorbs shock. Leather palm with moisture control. Lycra® compression back.
