**Hollow core absorbs some of the impact if a child gets hit.**

Designed with a patented hollow-core, the Safe-T-Ball® absorbs some of the force of impact so youth can play without the fear of being hurt from a traditional ball. Kids build confidence without the fear of being hit.

Both balls look and feel like a real baseball or softball, but play identical to a traditional baseball or softball. Safe-T-Balls® have great safety features so kids can have fun and be safe. Patent No. 4,880,233
