

# HEART-GARD®

Reduce the possibility of injury.  
Young players learn to play with confidence.

Heart-Gard® is a tough, high density polyethylene dome that absorbs impact energy and forces it away from the heart. It is small in size, measuring 6" x 6", yet the rigid plate covers this vital area. When worn under the uniform, it is virtually invisible and does not restrict movement. It is cool and weighs less than 3 oz. so kids forget they are wearing it. Adjustable elastic straps. One size fits all up to 120 lbs.

Clamshell Retail Package  
HG-CS \$20.00 EA

**WARNING**

Heart-Gard® is designed to reduce ball impact to areas covered by the device. The device, if properly worn, should reduce the risk of injury, but will not necessarily prevent all injuries. The user should consult product information prior to use and should be used only under adult supervision. There is no guarantee or warranty from injury.

Many teams and leagues require Heart-Gard® as mandatory equipment, others strongly recommend it.

Clamshell Retail Package  
HG-CS \$20.00 EA
