Catcher's Protective Inner Forearm Sleeves

Patent Pending

Protects the
inner forearms

**Provides Necessary
Protection And Is
Comfortable To Wear**

Catchers wear Catcher's Protective Inner Forearm Sleeves to protect the vulnerable areas of the inner forearms. Comfortable and lightweight Lycra Spandex sleeves have padded pillows that provide a buffer zone from stray balls. Worn for practice or during a game, the sleeves offer an effective layer of protection from bruises and other possible arm injuries. Form-fitting sleeves slide on quickly and easily and allow catchers plenty of freedom of movement. Designed by college baseball coaches to protect a catcher's inner forearms and wrists when blocking the ball. Spin the sleeves around and wear during hitting to protect the lead elbow. Excellent for both baseball and softball. Pakistan.
