

The Electronic Soccer Pro

It's Like Having A Coach On Your Foot!

The Electronic Soccer Pro

Gives instant feedback for coaches and players. Slips easily over the shoe. Position on either side of the foot for passing drills and on top of the foot for shooting drills. Illuminated and audible sensors only activate when the correct part of the foot is used. Improves ball control and reinforces proper form for increased game performance. For ages 5+. Two batteries, instructions and optional comfort strip are included.
