SOFTBALL EXCELLENCE

OFFICIAL ZIP BALL®

Teaches pitchers the correct grip to master the snap and spin on curve, rise, drop and screwballs. Helps hitters to learn vision, tracking and bunting skills. Helps fielders to learn better body position, receiving and tracking. Helps catchers to learn blocking and glove to hand transfer for quicker throws. Yellow leather cover. Each ball weighs 3.2-3.6 oz (91-102 grams). 7" circumference. DVD instructional video included with every dozen. More instructions online at www.softballexcellence.com UPC# 8 93509 00217 6 China

ZIP168 Yellow \$70.60 DZ

POWER POD

Training aid for hitting, pitching and throwing encourages use of lower body to get more power and speed. Durable 6.25" x 3.5" rubber pod. Lightweight and portable. Flat part for on ground or gym floor. Pebbled top allows player's foot to easily grip the pod. Can be used with cleats. For beginner and advanced players. Training drills and videos online at: www.softballexcellence.com UPC# 8 93509 00234 3

199PP Optic Yellow \$14.00 EA

USE IN PLACE OF A BAT TO LEARN PROPER SWING MOTION!

HITTING DISK

Training aid for hitters to develop powerful swings with the palm-up, palm-down position at impact. Helps hitters throw their hands towards pitcher. Instant feedback when rolling wrists/hands too early or twisting during the swing. For use indoors or outdoors. Allows practice in tight areas. Lightweight. For all ages and skill levels. Instructions included. Training information online at: www.softballexcellence.com UPC# 8 93509 00200 8 China

DEVELOP PERFECT PITCHING FORM

XELERATOR FASTPITCH SB PITCHING TRAINER

Pitching training aid for fastpitch softball. Teaches correct muscle memory nearly 20 times faster than conventional pitching only training. Increases pitching speed and accuracy. Wrist snap is automatically developed and stored as muscle memory. The end mounted weight combined with the flexible rope handle automatically snaps the wrist through the pitching motion, resulting in increased speed. Corrects bad habits. Forces the player into the correct pitching & throwing plane that leads to increased speed. Great for general arm warm up prior to practice or game. Beneficial for conditioning of the arm and shoulder. Training can be done without the use of a catcher and can be used indoors for year around practice.

XELTHR with Yellow Softball Size Leather Ball Yellow End Mounted Weight \$90.00 EA
XELERFP with Yellow Softball Size Foam Ball Yellow End Mounted Weight \$78.00 EA
XELFPRD with Yellow Softball Size Foam Ball Red End Mounted Weight \$59.98 EA

XELFPRD w/Red End Mounted Weight

Develops muscle memory for pitching a softball correctly. Helps pitchers to keep the bottom part of the circle in close to the thigh. Perfect Circle™ provides instant feedback without the need of a coach watching. Elastic band holds a square cotton flap that fits around the upper thigh and extends out a few inches into the pitcher's release zone. When practicing windmill pitches for softball, the arm should touch the flap every time. An arm position too far from the thigh at the bottom can cause many problems, including control problems, lack of speed, undue stress to the shoulder socket and more. Teaches proper placement of the hand in the release zone. Excellent pitching aid for basic mechanics or advanced pitching mechanics such as fast ball, change-up, drop ball, screw ball, rise ball, and curve ball. Fits in your pocket. Includes instructional CD and carrying case. Taiwan
