## VARO BAT WEIGHTS OFFER

**Advanced Weight Distribution:** Patented technology disperses weight to the end of the bat.

**Barrel Feel:** Arc Model's distribution provides "barrel" feel through the zone.

**Barrel Protection:** The Arc@ Models surround the bat's sweet spot.

**Air Diffusion:** Creates a lighter body with greater emphasis on natural wind resistance

**True-Fit Core™:** Ensures a precise fit to all types of bats from Youth to Pro.

**Traditional Weight Distribution:** COR models disperse weight at the barrel, creating a balanced feel.

## FIND YOUR INSIDE PATH TO THE BALL!

Swing trainer and on deck bat weight. Assists players with finding correct swing path while increasing hand speed. Develops quick hands, power transfer, bat positioning, swing path and muscle memory. Filled with steel shot (small pellets) to give instant feedback. Place it on end of bat barrel. When hands and feet are in proper position, the steel shot is moved and located in the base of the chamber. As the swing begins, the shot is moved through the chamber and, at the point of impact, the shot whips through the chambers. Allows batter to feel the power as well as hear the shot as they reach the impact zone. Batting drills included. Endorsed by Texas Rangers Hall of Famer Rusty Greer. Fits all baseball and softball bats.
